

Good morning ladies all

Here we go!

1

We are outward bound for Kingston town

With a heave-o, haul!

And we'll heave the old wheel round and round

Good morning ladies all!

2

And when we get to Kingston town

With a heave-o, haul!

Is there we'll drink and sorrow drown

Good morning ladies all!

3

Them girls down south are free and gay

With a heave-o, haul!

With them we'll spend our hard-earned pay

Good morning ladies all!

4

We'll swing around, we'll have good fun

With a heave-o, haul!

And soon we'll be back on the homeward run

Good morning ladies all!

5

And when we get to Bristol town

With a heave-o, haul!

For the very last time we'll waltz around

Good morning ladies all!

6

With Poll and Meg and Sally too

With a heave-o, haul!

We'll drink and dance with a hullabaloo

Good morning ladies all!

7

So a long goodbye to all you dears

With a heave-o, haul!

Don't cry for us, don't waste your tears

Good morning ladies all!
